## Note:

Mini-Sticker files are for Mini Stickers only  
Round\_ files are for Round Stickers only  
Files are supplied as PDFs at minimum actual size

## Colour

We always use black text on a light background, and white text on a dark background. We don't use: green, red, blue or any other colour – they just don't look as nice!

## White space

There's always an equal amount of clear space around the top, bottom and sides of the lockup. The minimum equal distance should be defined by the size of two lowercase 'm'. For ease of use, the image files have been set up with the minimum amount of space. Hurrah!

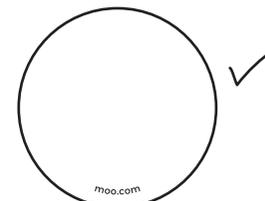

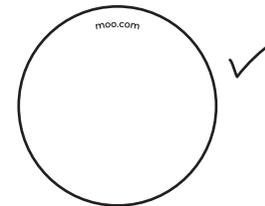

## Minimum Size

## Placement

### Round Stickers:

The rounded moo.com logo should be placed centrally at the top or bottom of the Sticker.
